

Rutherford θ sampling validation (importance sampling)

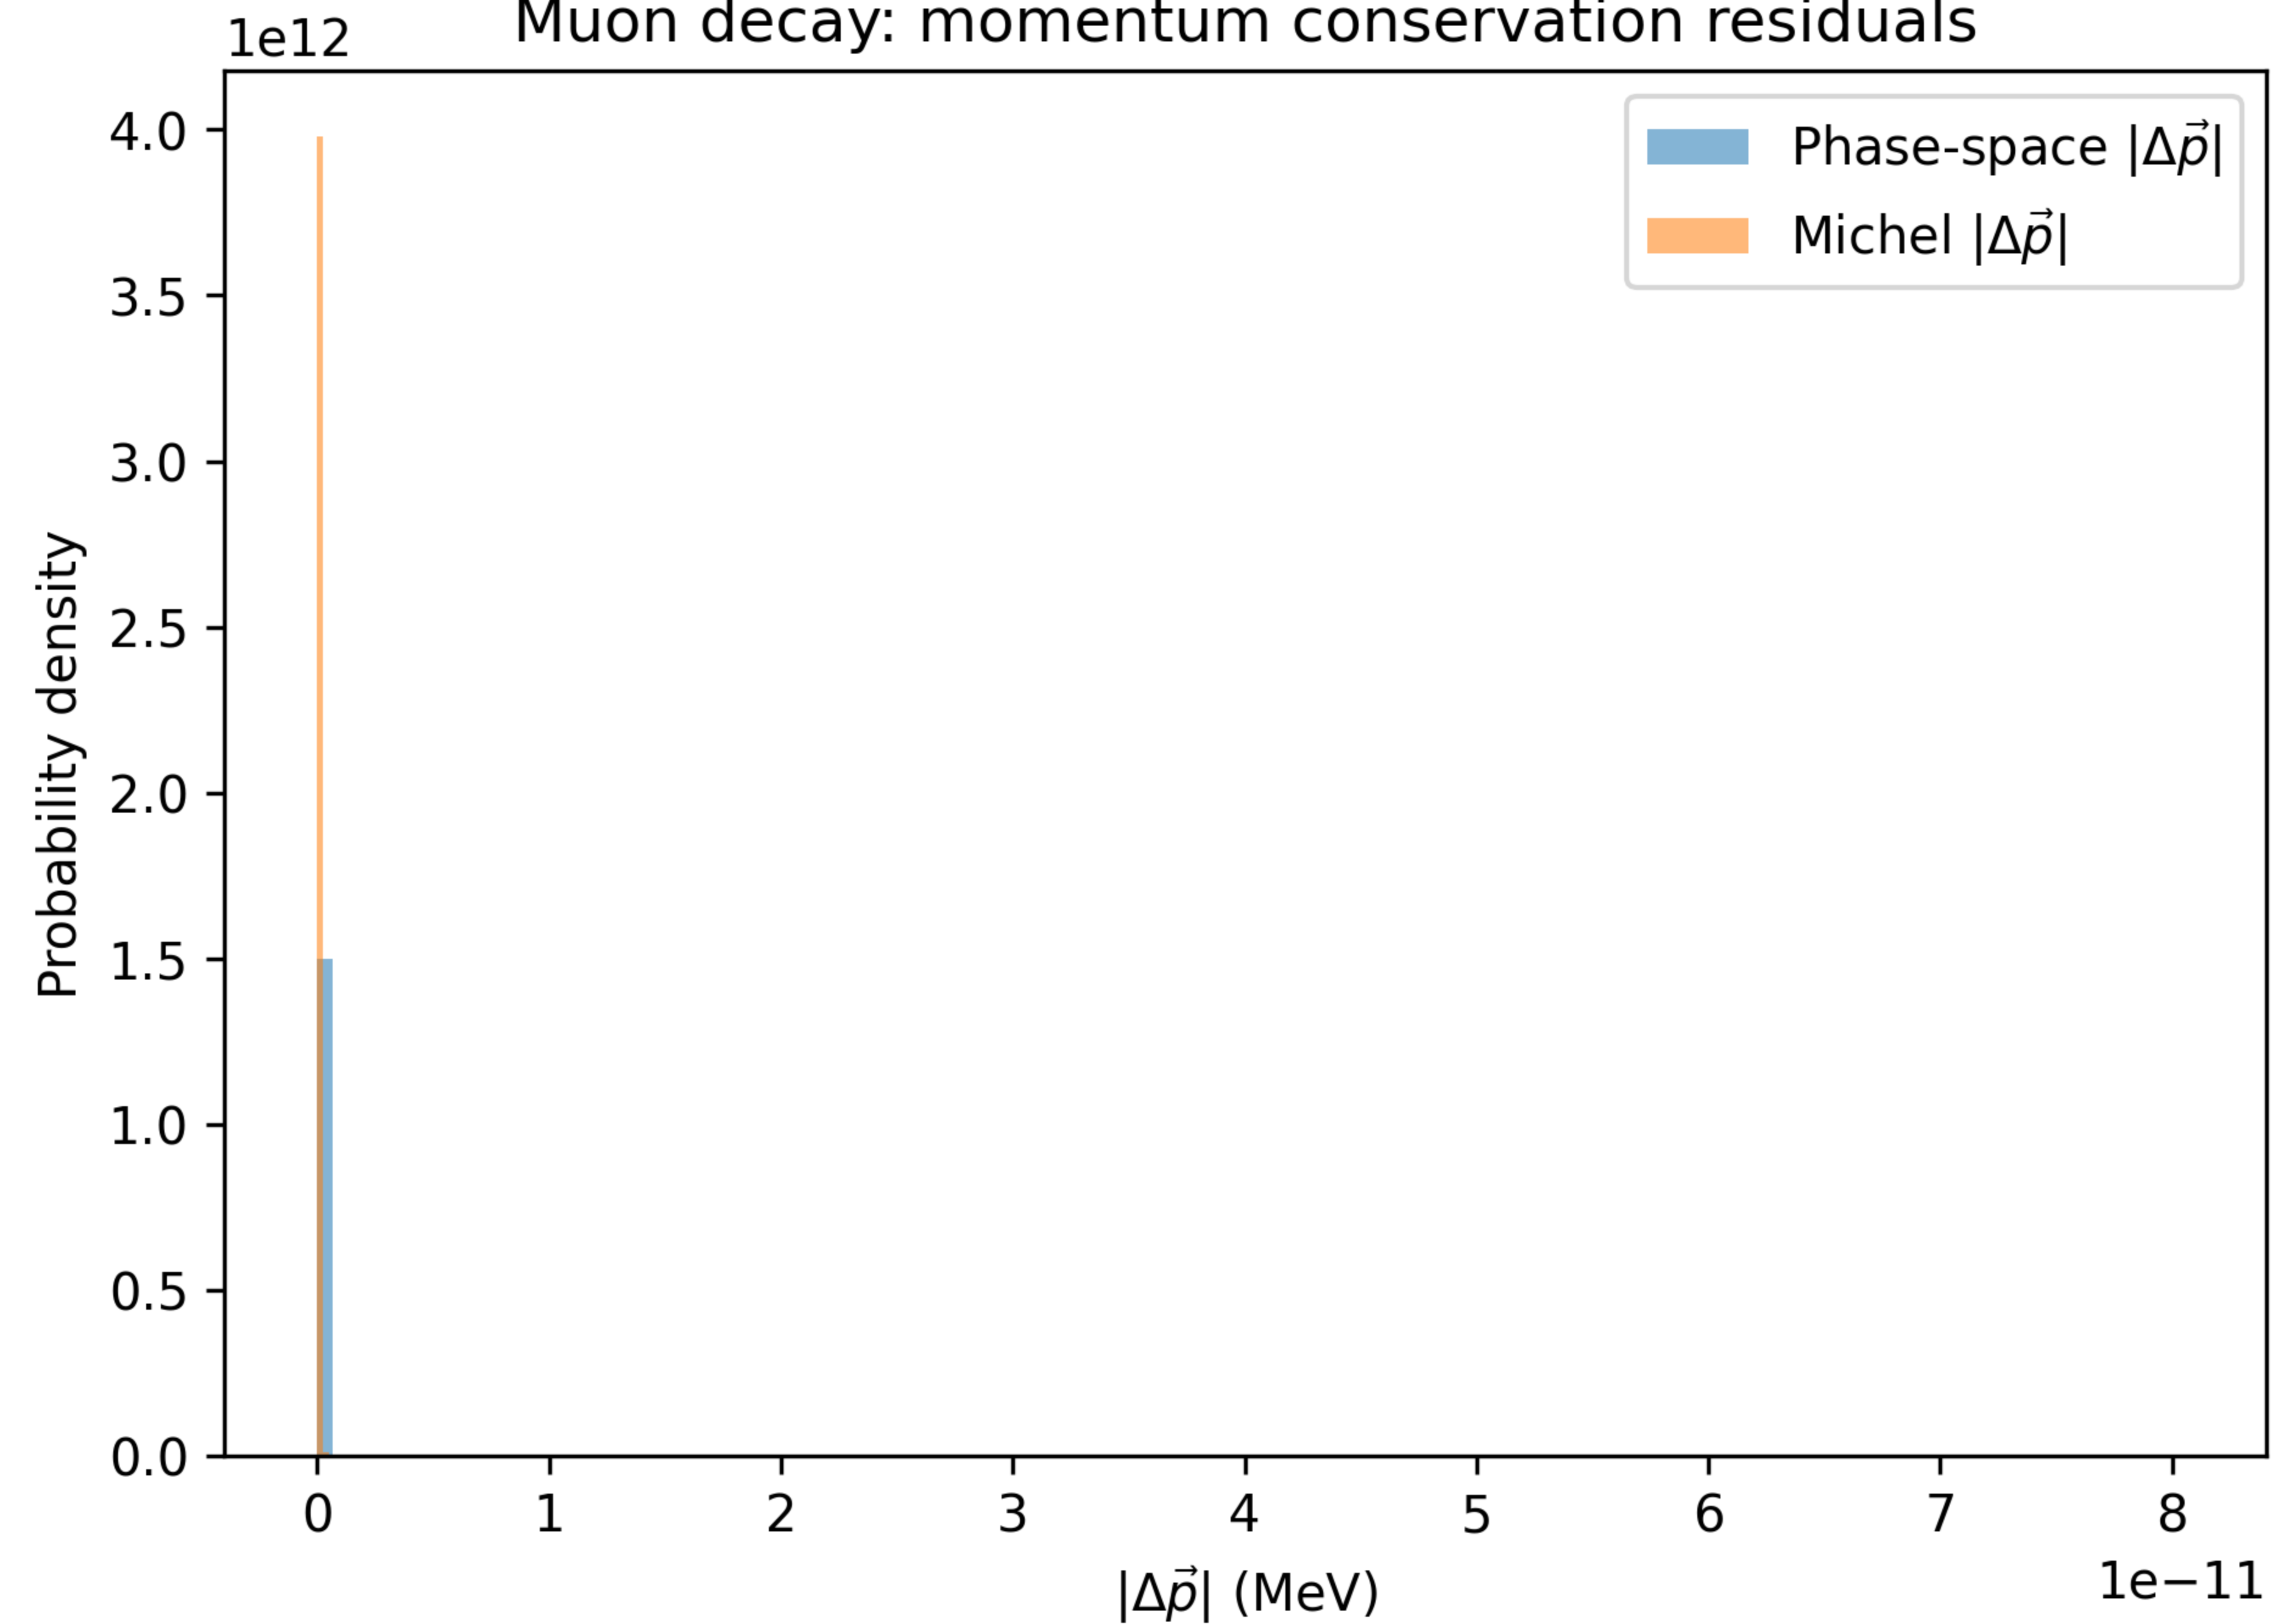

Monte Carlo convergence of Rutherford total cross-section

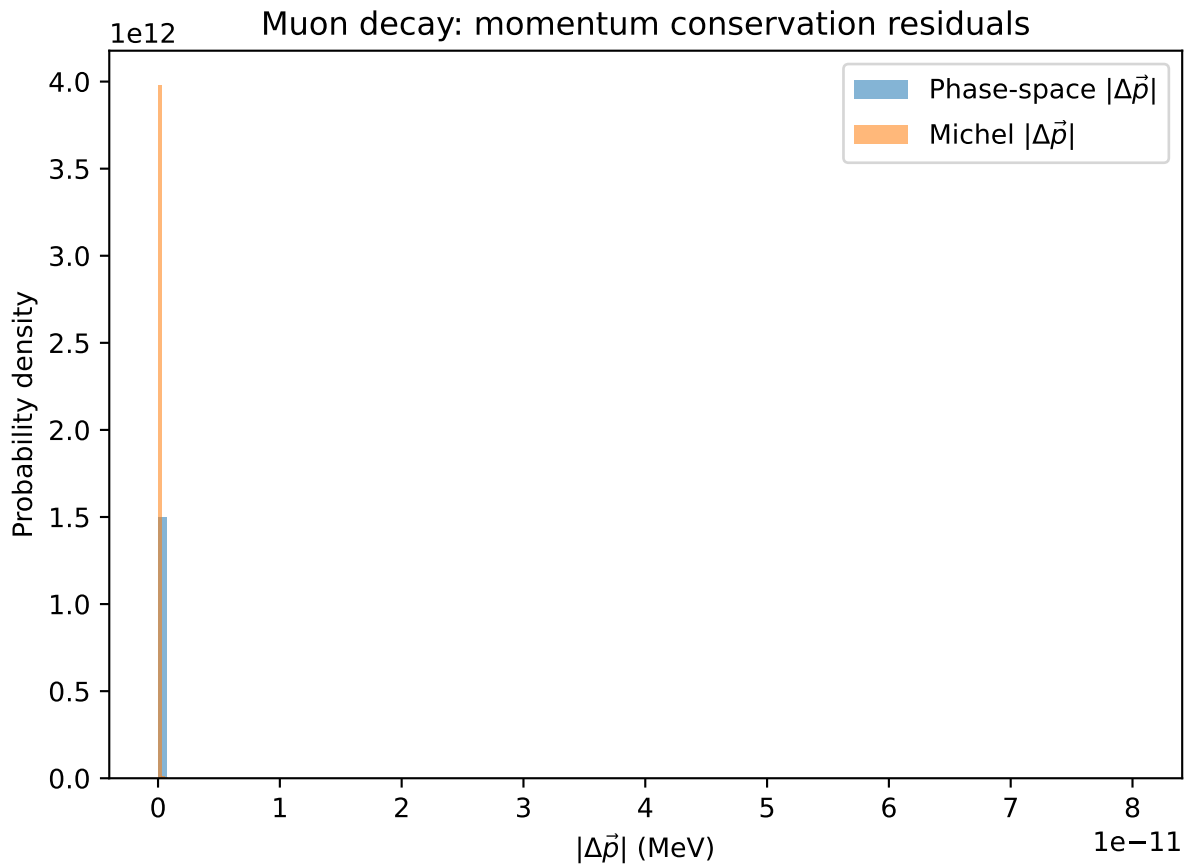

Rutherford angular dependence (with acceptance cuts)

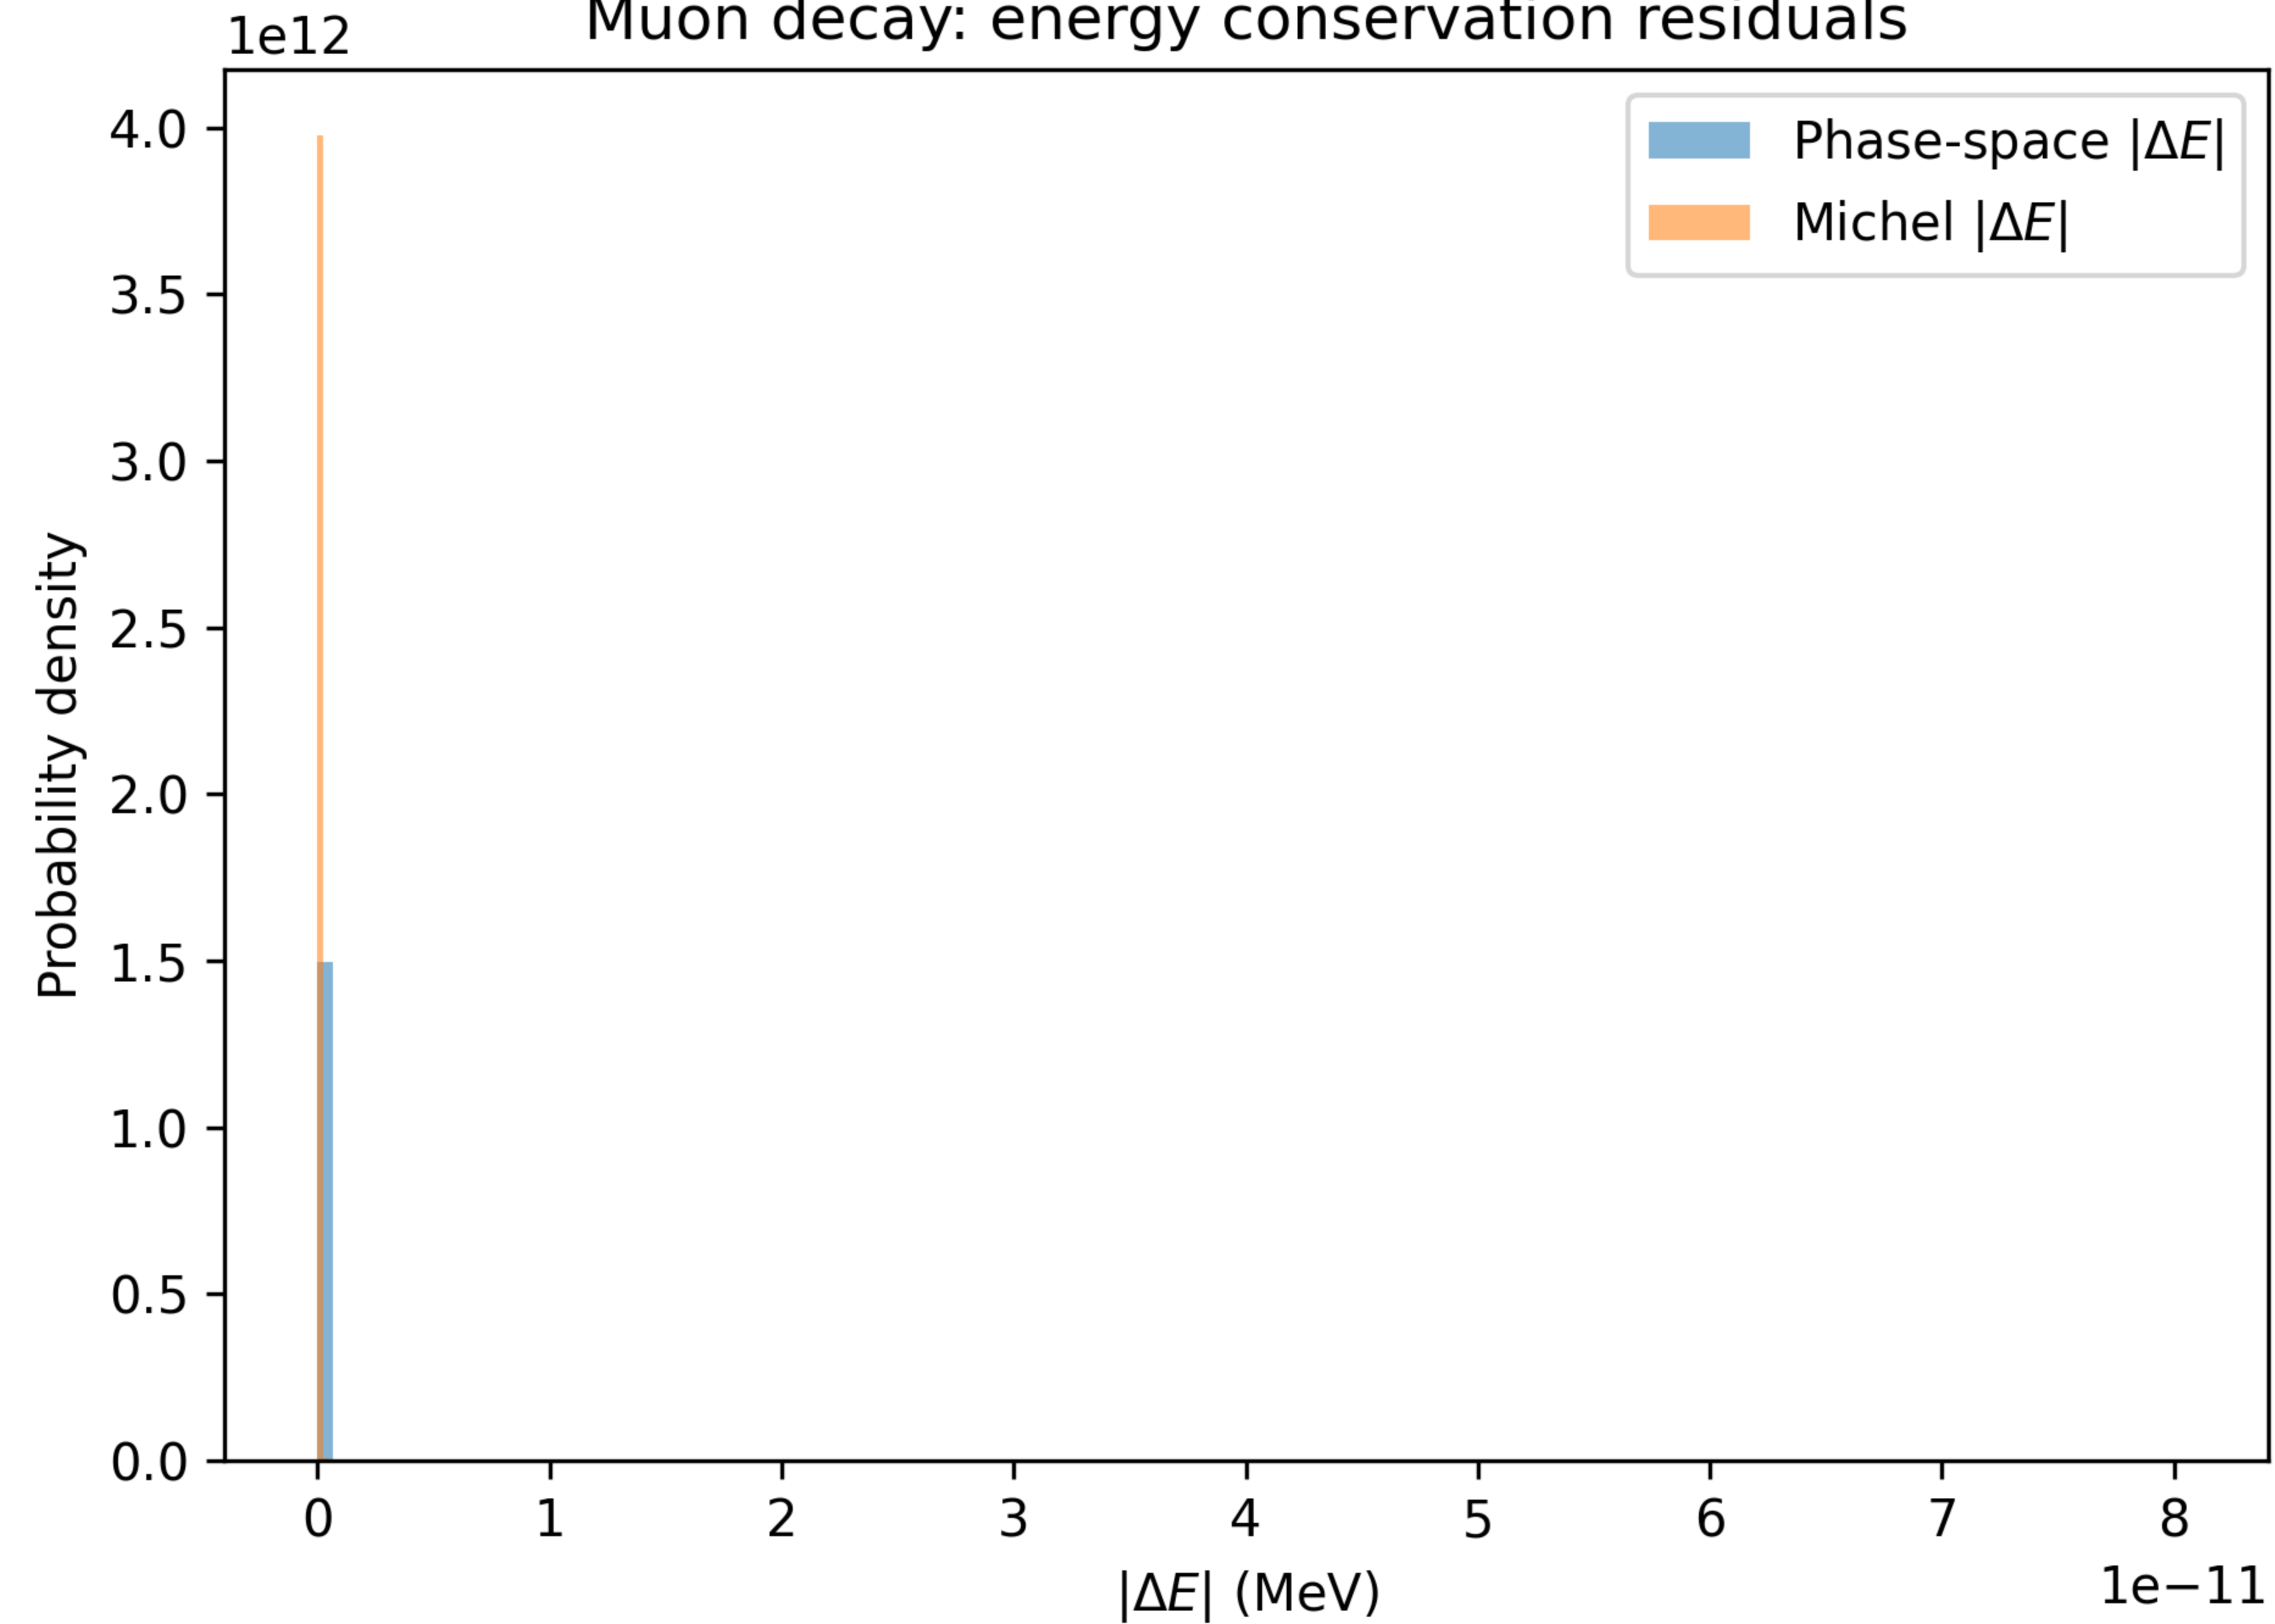

Muon decay: momentum conservation residuals

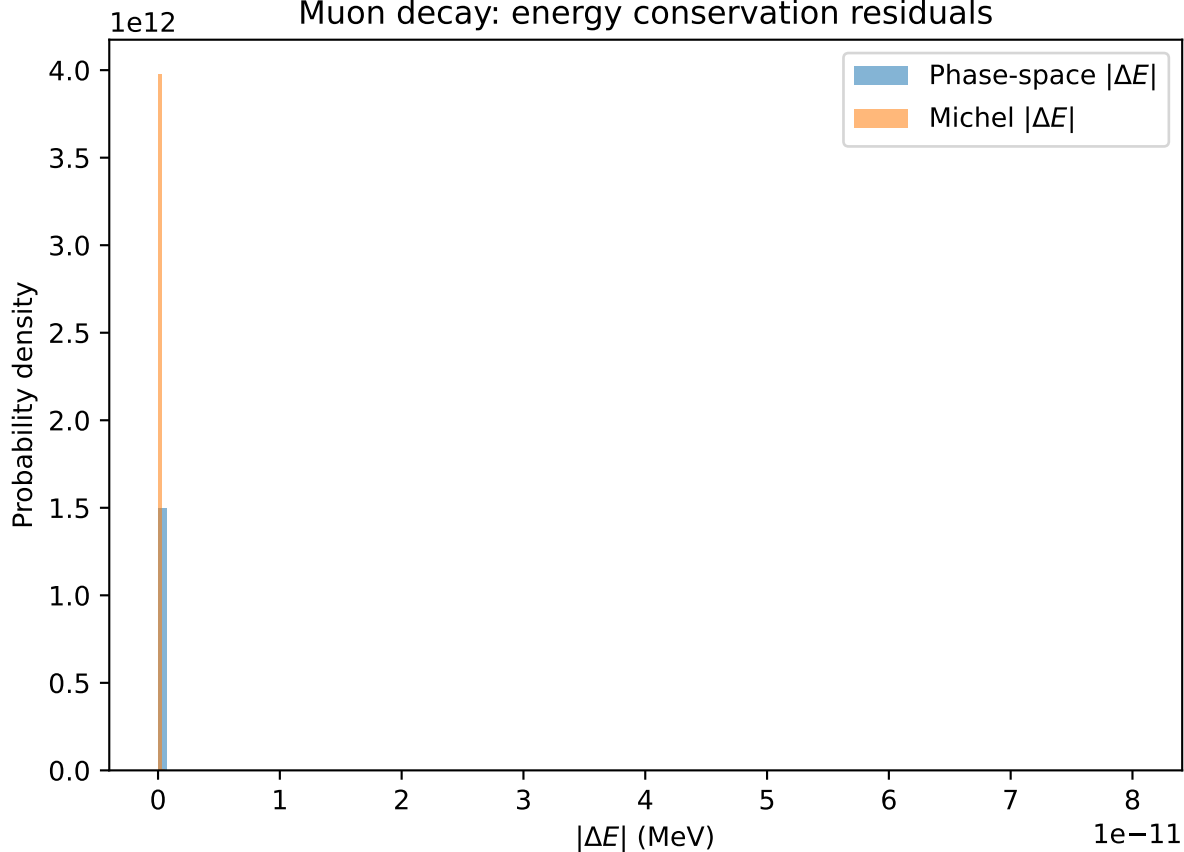

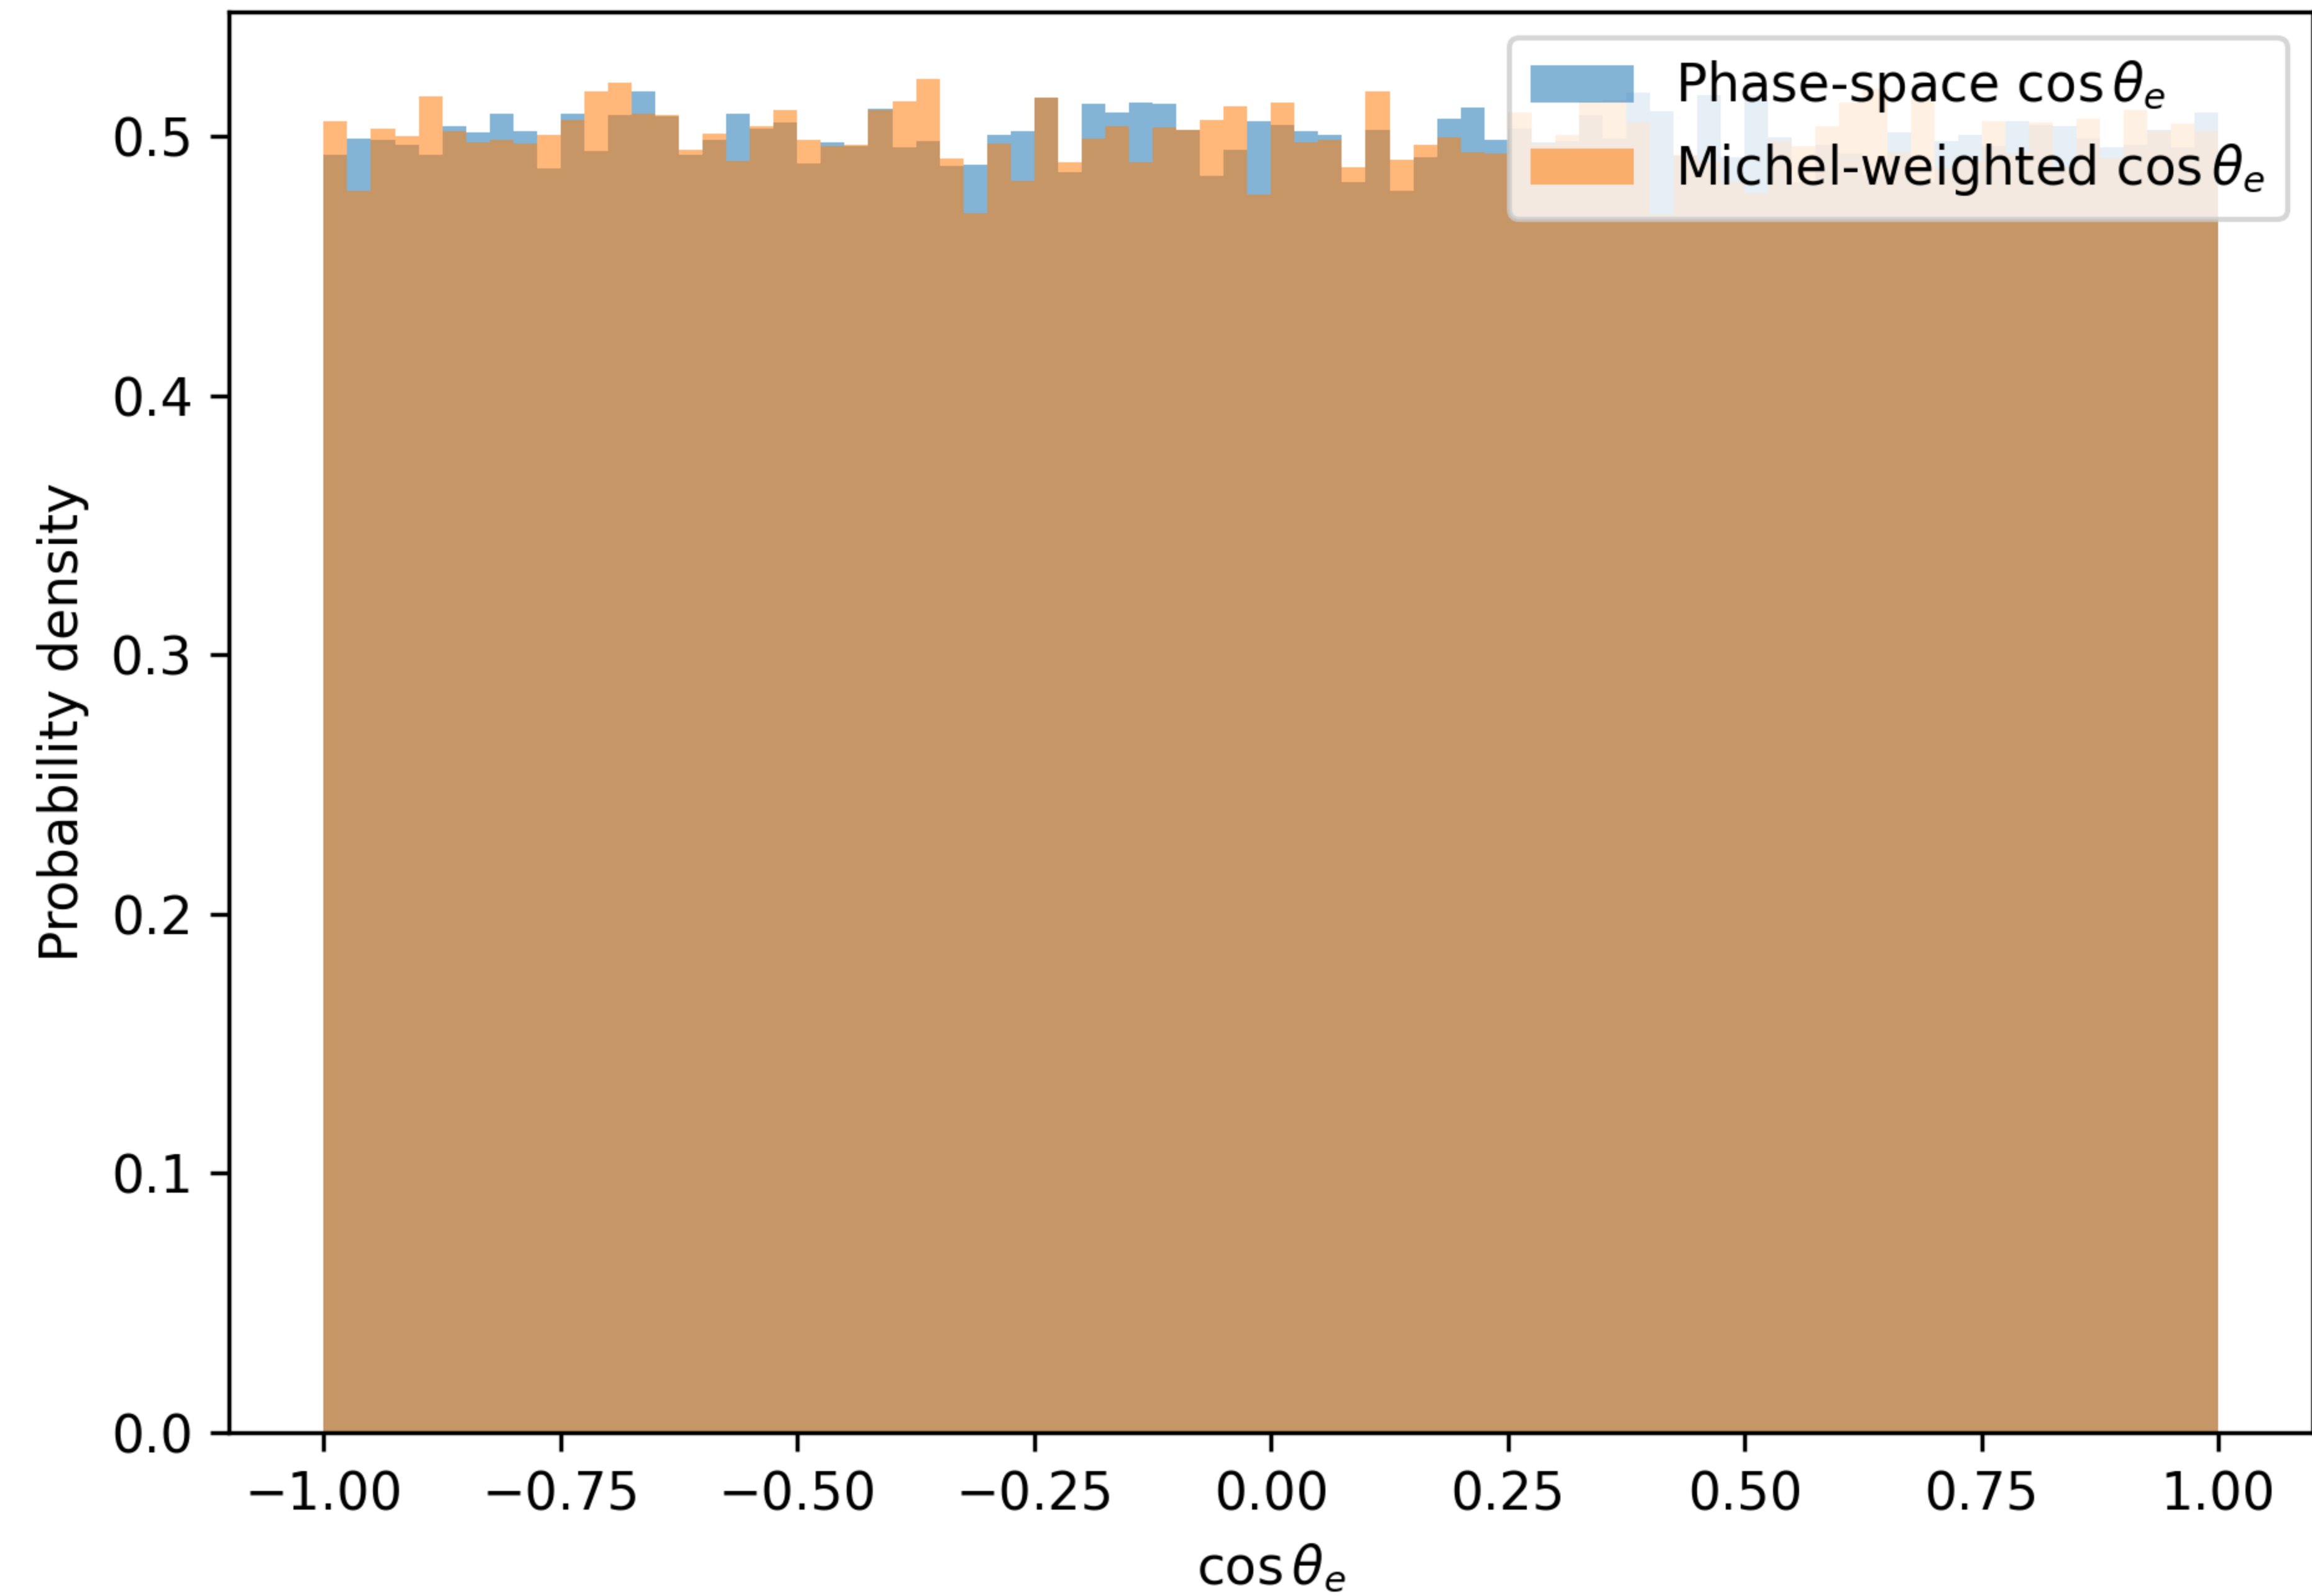

Muon decay: energy conservation residuals

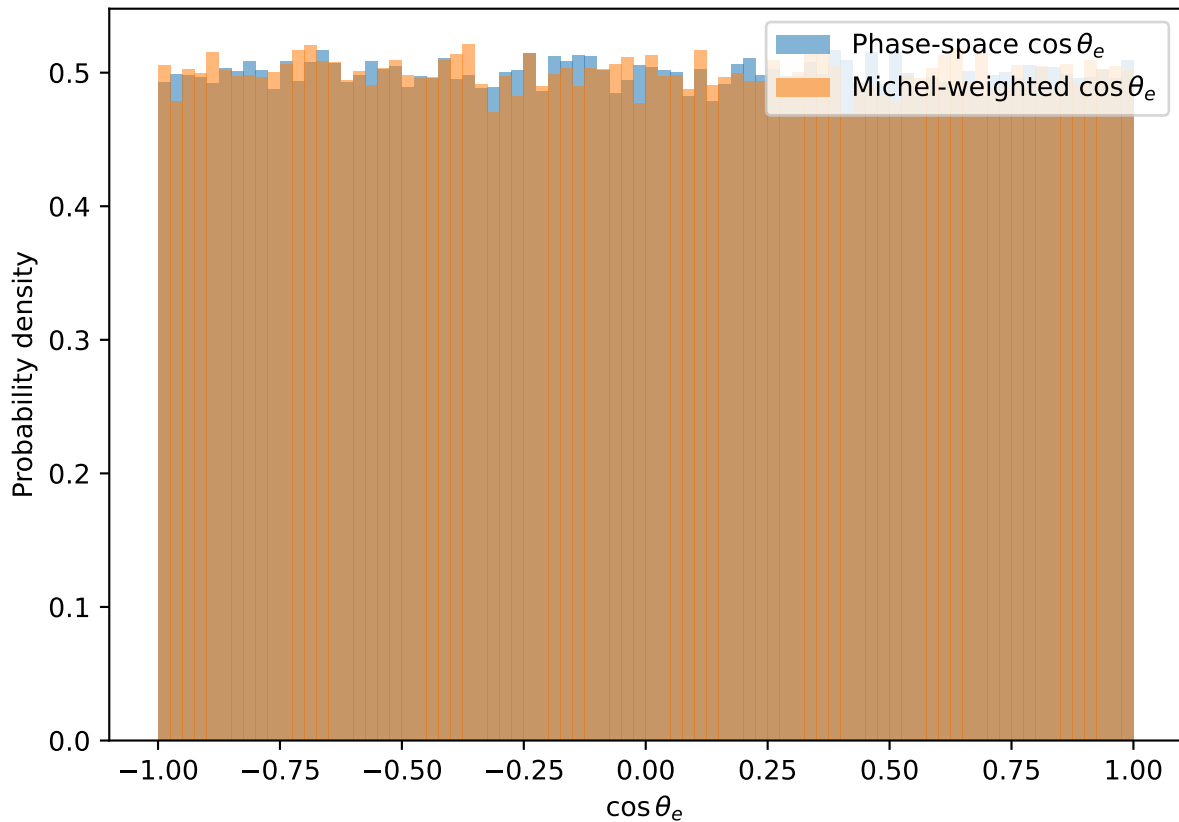

Muon decay: energy conservation residuals

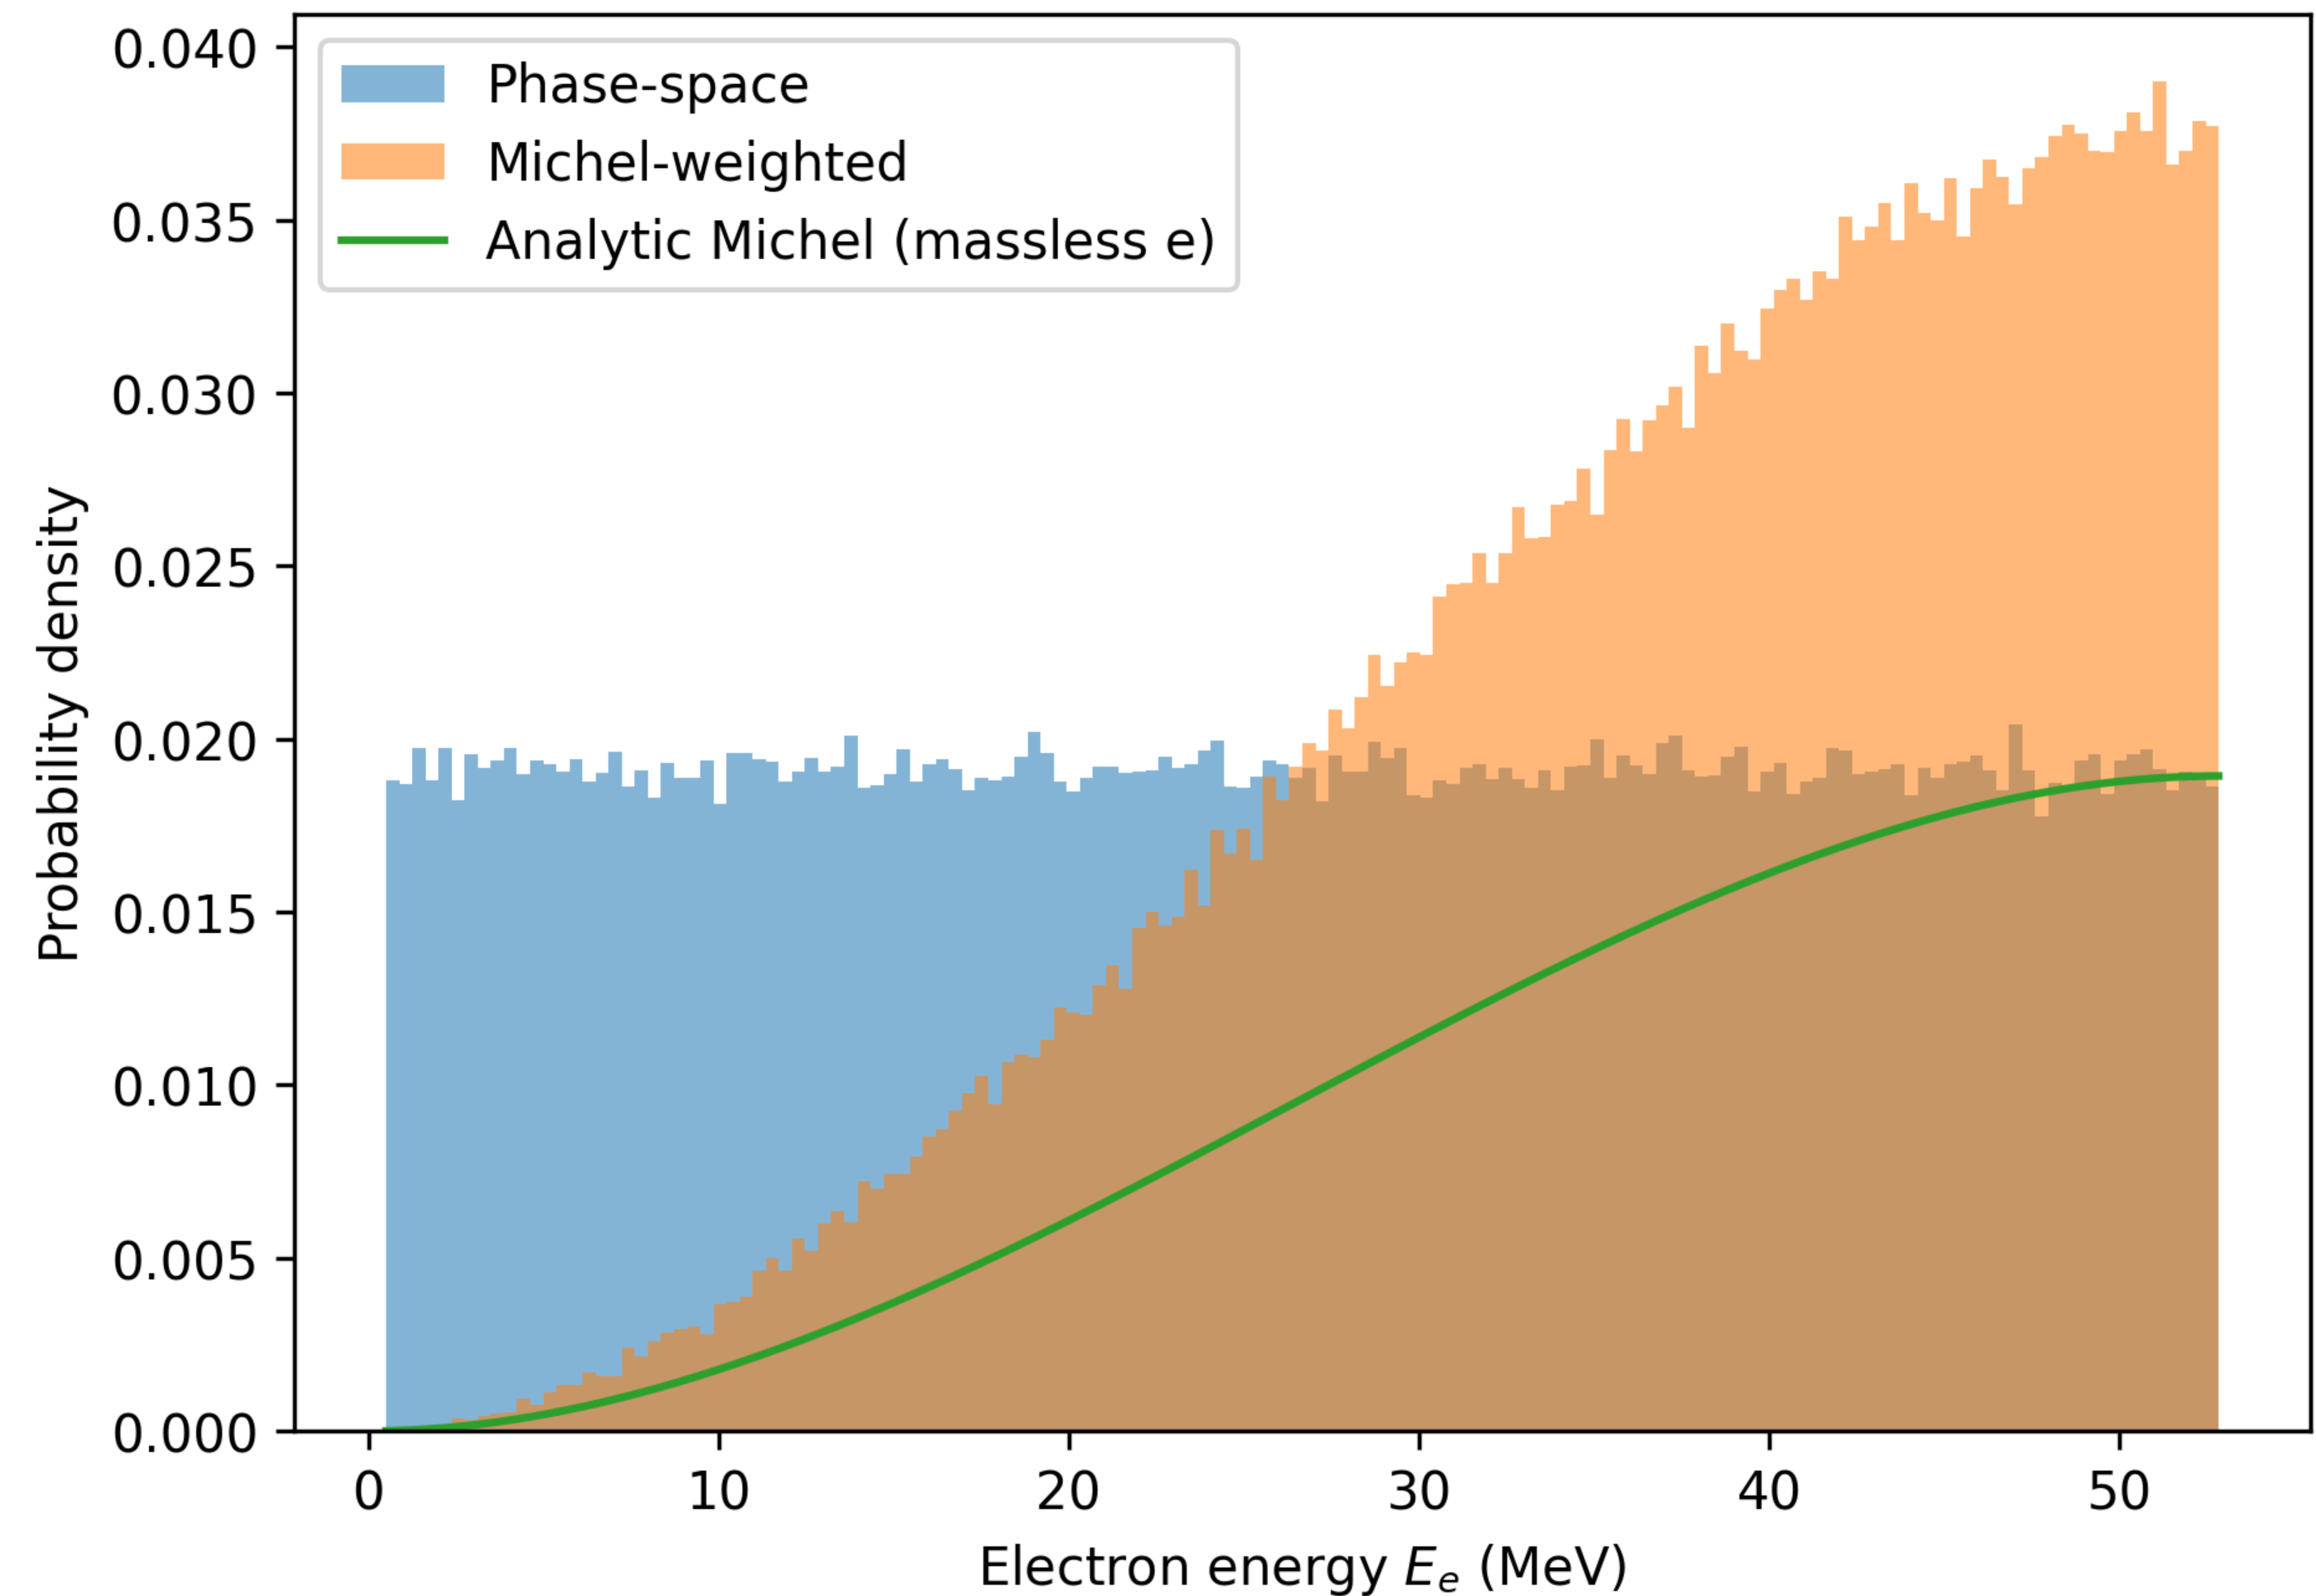

Muon decay: electron direction isotropy check

Muon decay: electron direction isotropy check

Muon decay: phase-space vs Michel-weighted electron spectrum

Muon decay: phase-space vs Michel-weighted electron spectrum
